DRY GOODS COME DOWN IN OMAHA

(By Associated Press)
OMAHA, May 17.—One of the largest department stores today announced a flat reduction of 30 per cent following 20 per cent cuts made by three stores Saturday. The market broke three weeks ago, said Geo. Brandies, head of the store making the 30 per cent cut. All other reasons are bunk. We must clear out stocks in readiness for new prices.

FRENCH TROOPS CROSS RHINE

(By Associated Press)
MAYENCE, May 17.—French troops which have been in occupation at Frankfurt, Darmstadt and other cities on the east bank of the Rhine evacuated those cities today, as announced here. The Germans were informed of the departure through a laconic proclamation issued by General Degoutte posted in various cities which read "that the French had kept their word."

MAIL SERVICE TO ARROWHEAD

The following telegram from Congressman Evans explains itself.
Washington, D. C., May 17, 1920
To the Tonopah Daily Bonanza,
Tonopah, Nevada.
Have secured consent of the post office department to advertise for three times a week star route mail service between Tonopah and Arrowhead. Proposals must reach the department by June 15th.

BIG DRIVE FOR NEW MEMBERS

Members of Elmer J. Bell Post, American Legion, began their big drive today to increase the membership of the order. Every former service man will be urged to join and thus raise the influence of the order. The drive will last for the week.
The Legion now has approximately one and a half million members and seeks to get a million more. When it is remembered that four and a half million men and women are eligible for membership, by reason of active service in the World War in army, navy or marine corps, it does not seem that the Legion's aim is an extravagant one.
Applications for membership may be made to Dr. C. H. Church, Post Commander; Lowell Daniels, assistant district attorney; D. K. Cain, Nevada First National Bank, and Victor W. Jones, Tonopah High School.

SPENDING MILLIONS FOR MILLIONAIRES

(By Associated Press)
DES MOINES, May 17.—Report of the Board of Foreign Missions of the Methodist Episcopal church to the general conference shows an estimated expenditure of \$10,500,000 for foreign missionary work for 1920. This is almost twice the amount expended in 1919.
The attack on the National Board of Censors of motion pictures contained in the report of the committee was eliminated when the report came up for adoption. Dr. W. Laundrum, in presenting a motion to strike out, declared the statement libelous and one which might result in heavy damages being obtained against the convention.

MARCH ON TO MEXICO CITY

(By Associated Press)
JUAREZ, May 17.—General Calles, presidential minister of war for the Mexican revolutionists, today began final preparations for his southward swing to Mexico City. It is officially announced that Calles will take 10,000 men with him.

MEMORIAL DAY FUND SWELLS

(By Associated Press)
PARIS, May 17.—Contributions to defray the expense of holding Memorial Day services in American cemeteries throughout France which have been received by the Paris Post of the American Legion now total 306,000 francs. Delegations from the Paris Post will visit all American cemeteries May 30.

MANAGERS FAVOR WAGE ADVANCES

(By Associated Press)
CHICAGO, May 17.—Wage advances should be granted many railroad workers to enable them to meet the high cost of living, the Association of Railway executives declared today in the opening statement before the Railroad Labor Board.

REBEL CHIEF IS BIG FAVORITE

(Correspondence of Associated Press)
MANILA, April 16.—General Emilio Aguinaldo, who fought for the independence of the Philippines and was captured by General Funston, still holds a strong place in the affections of the Filipino people. This was demonstrated when he left the hospital the other day to pay a visit to his farm at Kawit about 50 miles from Manila.
Aguinaldo has been in the hospital recovering from an operation for appendicitis but was permitted to go to his home to celebrate his 51st birthday.
Accompanied by his physician and a nurse, he made the 50-mile trip by automobile. Although his visit was not announced, the news of his coming spread and the people of the villages along the way gathered at the roadside and the children waved and threw flowers into his automobile. At one village the children waved American flags and sang "Aguinaldo's March." At his home he was met by nearly all the villagers headed by a band and speakers gave him welcome. After spending a night at the farm he returned to the hospital.

NORTH DRIFT SAMPLING \$31 TO TON RAPIDLY WIDENS AND IMPROVES

Alto Divide is looking very promising with the prospect of a considerable improvement within a few days when the north drift is expected to intersect another ledge where a marked increase in values should ensue according to all experience. The fact of the north drift which is out 100 feet from the crosscut where the vein was picked up is carrying values of \$31 in the face in a clearly defined fissure with almost perpendicular walls. In the drift the Alto has had values intermittently running as high as \$89 and \$90. It was only within the past week that the returns showed positive permanency over a steadily increasing width that presages the making of a tremendous ore shoot. The south drift on the same level is out 135 feet with values off and on as the face nears the point where Manager Mayor expects to encounter what is known as the Garvey vein extending from the Tonopah Divide through the Gold

SUNDAY RIOTING BY IRISH MOBS

(By Associated Press)
LONDON, May 17.—Rioting last night between nationalist and unionist mobs was even fiercer than Saturday's fighting. In addition to killing a former soldier three others were injured. When hostilities broke out the police were withdrawn and in a few hours mob law was supreme.
Today hundreds of men remained away from work walking about the streets where individual encounters occurred between Sinn Feiners and Unionists. The police reported that Sinn Feiners fired upon unionist ex-soldiers.

MEN WHO HEAD STATE TICKET

(By Associated Press)
CHICAGO, May 17.—Thirty-five states will elect governors next fall at the time when the president and vice-president are chosen. Thirty-two United States senators, to take office March 4, 1921, also are to be selected.

Of the governors whose terms expire next year twenty-two are republicans and thirteen are democrats; while 17 of the 32 senators are democrats and fifteen republicans.
The 35 governorships to be filled offer a wide range, both in terms and salaries. Among the state executives whose terms expire are Frank O. Lowden, of Illinois, the highest paid. Mr. Lowden receives \$12,000 yearly for a four year term and Mr. McKelvie \$2,500 annually for two years. Only twelve of the 35 will receive over \$5,000 a year; and five will be paid \$3,000 or less.

Governor Coolidge, of Massachusetts, whose position carries a \$10,000 salary, is the only governor in the country elected for one year. All other states have either two or four year terms.
Territorial governors are better paid than the average state executive and two of the four are appointed for indefinite terms, with the result that they remain in office as long as a rule as the president who named them.

Francis Burton Harrison, governor general of the Philippines, tops the list of territorial executives with an indefinite term and a \$20,000 yearly salary. Arthur Yager, governor of Porto Rico receives \$19,000 and is appointed for an indefinite term. Governor Thomas Riney, Jr., of Alaska and C. J. McCarthy, of Hawaii, each received annual salaries of \$7,000 during their four year terms.

VIENNA COURT OFFICERS ARE OUT ON STRIKE

(Correspondence of Associated Press)
VIENNA, April 28.—Officers and attendants of the Vienna courts have gone on strike and taken with them the keys to the lockers containing the robes and wigs belonging to the judges. Consequently the Vienna courts for the first time in history are sitting in ordinary civilian clothing.

Divide and the sulphides found in the Alto are identical with the sulphides found on the 565 level of the big divide. A party of engineers who visited the Alto yesterday expressed the opinion that when the levels of the property are out as far as the Tonopah Divide a comparison of the two properties would not be unfavorable to the Alto. This company has been working steadily on intensive development from the day the first shot was put in the ground and every foot advanced has been along carefully thought out lines. As the drifts go north and south the ground becomes lower and operations are being prosecuted.

The East Divide controlled by the same interests is getting values in the south drift in a big vein that was cut in the northeast crosscut some time ago. In four days the values have improved from \$1 to \$4.50. Last Thursday the samples ran \$2.70. Friday showed \$5, Saturday \$11.20 and yesterday the maximum of \$14.50 was reached.

FIREWORKS FOR SAN FRANCISCO

WASHINGTON, May 17.—Dominating democratic politics in New England Senator Walsh of Massachusetts declares publicly to the President that he will not support the administration's demand for a plank in the party's national platform urging the league of nations without reservations. Senator Hoke Smith, "way down south" in Georgia, cries "Amen" in his speeches and points out that in the primary elections there two-thirds of the party voters were "agin it." Out in Nebraska, Mr. Bryan informs Mr. Wilson the sentiment is overwhelmingly the same way. All this means fireworks at San Francisco during the process of jamming through the unqualified League endorsement policy of the White House, in the face of the demonstrated general public opinion against it. The fight is a pretty one as it stands. Owing to the preponderance of Federal officials in the convention the President will dominate its deliberations and control its decisions; the machinery is almost completely in the hands of the administration.

UPHOLD CONVICTIONS OF DRAFT DODGERS

(By Associated Press)
WASHINGTON, May 17.—The conviction of Daniel O'Connell, lawyer, and five other residents of San Francisco for violating the selective service and espionage acts was upheld today by the supreme court.

(By Associated Press)
WASHINGTON, May 17.—The supreme court today failed to decide the validity of the prohibition amendment and the enforcement act and recessed until June 1st.

ONE HELLUVA PROFIT IN WAR

WASHINGTON, May 17.—[I am learning there was a difference among contractors between a hell of a profit and an inglorious one although it was all one to the War Department.] Thus soliloquized Representative Jefferis of Nebraska when R. H. Long—the whom Governor Coolidge defeated in Massachusetts—was given an opportunity before the Graham investigating committee to defend his firm against alleged profiteering on leather goods in the war. Mr. Long's contention was that as between the next highest bids and those accepted from his company the government saved millions. Incidentally he disclosed that 15,000,000 gas mask knapsacks were ordered by the war department for an army of 2,000,000 men only a part of whom would use them. He also said that harness leather makers selling leather by the pound from whom he bought were allowed by the department to use 25 per cent more grease than in peacetime for some reason he did not understand but which he admitted added a great deal to the weight of the stock and vastly to the profits of leather contractors.

BAR ALIENS FROM OIL LOCATIONS

(By Associated Press)
WASHINGTON, May 17.—Great Britain's policy with reference to world petroleum supplies it is reported will be to exclude aliens from control of petroleum supplies within the empire to endeavor to obtain some measure of control over oil properties in foreign countries.
